

Peak to Peak

ACT, Rocky Mountain Chapter

Winter 2005-06

President's Message

Welcome to your winter edition of Peak to Peak!

Many thanks to all who participated in our recent Board election. Your new Board's contact information is listed on page two.

ACT's International Conference was held in Anaheim in September. Feedback from the conference has been excellent and we hope that all RMACT members enjoyed the chapter dinner and meeting.

The RMACT Board will hold its annual meeting in Denver on December 2nd. On December 1st, RMACT will also host a member lunch / net conference for all members. See the story at right for details. We hope to see you there!

Warm Regards,

Lynn Rumbaugh

You're Invited!

A couple of years late and 835 pages long, we finally have a new transportation bill, SAFETEA-LU. Buried within these pages are opportunities (and threats) to TDM programs. We also have a new Energy bill and pending amendments that could focus attention on conservation and the higher cost of gasoline. Join your fellow RMACT members to learn of new opportunities and gain insight into these new pieces of legislation.

The RMACT Board will host a net conference ***Show Me the Money - How New Federal Legislation Is Changing the TDM Landscape*** on December 1st at noon. Speakers include ACT President, Jon Martz, and Jason Pavluchuk, ACT's Government Relations representative. Netconference participants listen to an audio presentation and simultaneously view the PowerPoint presentation via Internet.

RMACT members are invited to attend a chapter lunch / netconference at the Webb Building in Denver (see below).

RMACT Netconference and Chapter Lunch

Date: Thursday, December 1st

**Time: Netconference begins promptly at 12:00pm - -
Please arrive by 11:45am**

**Place: Webb Building, Room 414
201 West Colfax Avenue**

Space is limited!

National Update

Dear RMACT Members:

Representing our Region as a National Director during 2005 was the highlight of my year. I would like to extend my personal appreciation and thanks to everyone who supported me in my efforts to represent our Region on a national level.

Many of you know that I have accepted a position with the Center for Urban Transportation Research (CUTR) at the University of South Florida in Tampa. I will be working for Phil Winters who many of you know and respect for his many contributions to ACT and the TDM industry. Moving from our region requires me to resign from my position as Director of Region Four. Jon Martz, President of ACT, will appoint a new director to complete my two year term.

I value the many friendships that I have made with RMACT members. I hope you will all stay in contact with me and continue to keep me updated on your successes! My new email address is bond@cutr.usf.edu, or please call me anytime at 813-974-9799.

- Respectfully yours, Julie Bond

Check out BWC

Looking for an opportunity to learn and share creative strategies for promoting commuter benefits with other professionals? EPA's Best Workplaces for CommutersSM (BWC) invites you to join the **BWC Network**.

The BWC Network is a forum for those who share the vision of reaping the transportation, air quality, and quality of life rewards that result when commuter benefits become a standard part of an employer's benefit package.

Through the BWC Network, you will interact with other members in

dynamic strategy sessions. Topics include recruiting and marketing tips, the *National Standard of Excellence*, and leveraging the Best Workplaces for Commuters brand and logo for increasing your program's success.

And since everyone deserves a pat on the back, BWC Network members are highlighted on the Best Workplaces for Commuters Web site.

Why not visit www.bwc.gov today? Click on *Join the Network*. It's free!
